THE PROBLEM

Most corporate gifts say “we had a budget,” not “we know you.”

The logo tumbler

Ends up in the back of a cabinet with the last three.

The gift card

Spent on groceries. Appreciated, then forgotten by Friday.

The same basket for all

Tells everyone they were one name on a list.

WHAT WE BELIEVE

The people who work so hard to make your dream a successful business deserve more than *a logo on a mug.*

So every Goody gift is chosen for the person who opens it.

WHY GOODY EXISTS

The gift was lovely. *The knock at the door* was the memory.

Years ago, my grandfather received a gift basket from his nephew. It was nice. But what our family still remembers, and has a photo of, is the young girl who delivered it. She knocked, handed it to him, and he invited her in to talk for a few minutes. Goody & Co. is built to bring that moment back.

THE GOODY DIFFERENCE

Personalized. Curated. Customized.

01

Personalized

Tell us about each person (the coffee lover, the host, the game-night regular) and we match the edit to them.

02

Curated

Pieces people keep, from small makers: honed slate, solid brass, handblown glass, artisan ceramics. No filler.

03

Customized

A handwritten card in your words, ribboned packaging, and your company's touch where it fits.

HOW IT WORKS

You share the list. We handle the rest.
